

Our Sustainability Policy

(ABN 41 068 031 407)

Electrical Contractors Licence No. C0830

RBD Contracting Services Pty Ltd (RBD Contracting) recognise the company's future requires us to continually monitor our performance to maintain best practice. This will provide opportunities for our business to grow and provide opportunities for our employees to develop.

To achieve this sustainability, RBD Contracting will:

- Comply with legislative requirements under local, state and national legislation;
- Keep our employees informed of changes in legislative requirements and industry practices that impact on our work procedures;
- Conduct training, both in-house and from accredited training providers, that provides our employees with skills to develop themselves and the business;
- Maintain our knowledge base of new products and materials that will deliver efficiencies which will result in cost-savings for both our customers and our business;
- Demonstrate that our company is a professionally run 'Can-do' business by our presentation and our flexibility when dealing with the requirements of our customers; and
- Communicate and promote all our policies and responsibilities to all RBD Contracting employees.

Enquires
